**26-27 October 2022:**

## ***Train-the-trainer course***

at NBC Protection Institute, near Prague, Czech Republic

Register [here](#) before **20 September 2022** ←

This project is funded by the European Union's Internal Security Fund — Police

ISFP-2017-AG- PROTECT  
Under Grant N°: 814803,  
DG Migration and Home Affairs

In this course we will explain and demonstrate the use of the MELODY Basic CBRN training curriculum for First Responders and First Receivers (dispatch officers, fire & rescue services, police, ambulance and emergency medical services, general practitioners).

We will provide an understanding of the modular structure and the flexibility of the curriculum. You will learn how to design customized courses based on MELODY learning objectives and how to adapt the MELODY training content to your national context.

Are you a CBRN instructor or responsible for CBRN training in your organization? For this course we welcome trainers active in Bulgaria, Cyprus, Czech Republic, Greece, Romania and Slovakia.

## Course contents

- Intentions and development of the modular training curriculum, Trainer Guide and training material
- Pedagogical approach
- Adaptations to national context
- The different training formats
- Time for participants' reflections
- Assignment: Design your own course

Course language is English. The course is free of charge. A limited number of travel bursaries is available.
